Statement of Work

Project Name: IP Phone System Deployment

Effective Date: December 01, 2024

Project Completion Date: February 28, 2024

SOW Number: SOW-2024-067

Project Scope

The Phone Company will deploy an IP phone system and integrate it with Microsoft Teams to enhance communication capabilities.

Project Objectives

- Deploy a robust IP phone system.
- Integrate the IP phone system with Microsoft Teams.
- Provide user training and support documentation.

Tasks

- Network Assessment & Deployment Plan
- IP Phone Configuration & Setup
- IP Phone & Teams Integration
- User Training & Support Documentation

Schedules

- Project kick-off: December 01, 2024

- Network Assessment & Deployment Plan: December 15, 2024

- IP Phone Configuration & Setup: January 01, 2025

- IP Phone & Teams Integration: January 15, 2025

- User Training & Support Documentation: February 01, 2025

Requirements

- Access to existing network infrastructure.

- Collaboration with the IT team for planning and implementation.

- Approval of milestone completion before moving to subsequent phases.

Payments

terms: Net 30

penalty: 10% for late deliveries or payments

Compliance

- Data Security: All data transfers between the Service Provider and Client will use secure, encrypted

communication protocols. Data at rest will be encrypted using industry-standard encryption

algorithms (e.g., AES-256).

- Access Control: Access to the network infrastructure and sensitive client information will be

granted only to authorized personnel.

- Multi-factor authentication (MFA) will be enforced for all administrative access.

- Audit and Monitoring: The Phone Company will maintain comprehensive logs of all access and changes

to the network infrastructure. Regular audits will be conducted to ensure compliance with security

protocols.

- Incident Response: In the event of a security incident, the Service Provider will notify the Client

within 24 hours. A detailed incident report will be provided within 48 hours, outlining the root cause, impact, and mitigation steps.

- Regulatory Compliance: The project will comply with applicable regulations, including GDPR, PCI DSS, and ISO 27001, as they pertain to the management of network infrastructure.
